

Philips Standard car headlight bulb

H1 55W

923948017101

Original Equipment Quality

Original Equipment Quality

The Standard lamp is used by all manufacturers and you can find it in most brand new cars. Ensures efficiency, quality and excellent value for money.

Very high quality and ultra resistant car lamp

- Change both your headlamps simultaneously for more safety
- Philips is the choice of all major car manufacturers.

Original Equipment manufacturer

- · Award winning car lamp manufacturer
- \bullet Respecting high quality standards of the ECE homlogation
- · Philips car lamps are highly resistant against humidity*
- Philips car lamps are highly UV resistant
- Philips car lamps are made of high-quality quartz glass

Highlights

Car manufactuer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Change by pairs

Highly recommended to change them by pairs for symetric light performance

ECE homlogation

Philips Automotive is dedicated to producing best-in-class products and services in the

Original Equipment Manufacturer market as well as in aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks: such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

Rewarded Car lamps

Our lamps are often rewarded by automotive experts

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass ideal for all driving conditions and ensures their longevity at the same time.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Specifications

Packaging Data

• EAN1: 8711500477996 • EAN3: 8711500416223 • Packaging type: C1

Product description

• Technology: Halogen

Homologation ECE

• Application: High beam, Low beam, fog beam

• Base: P14,5s

• Designation: H1-12258-CI

• Range: Standard

• Type: H1

Marking ECE: E1 21P

Marketing specifications

• Expected benefits: Long Life

• Product highlight: Original Equipment Quality

Ordering information

 Order entry: 12258C1 • Ordering code: 47799660

Outerpack information

• Gross weight per piece: 1070 g

• Height: 18.5 cm • Length: 26.6 cm

Net weight per piece: 600 gWidth: 13.8 cm

Packed product information

• Gross weight per piece: 10.7 g

Height: 8.5 cm
Length: 2.5 cm

• Net weight per piece: 6 g

• Width: 2.5 cm

• Pack Quantity / MOQ: 1

Electrical characteristics

Voltage: 12 V

• Wattage: 55 W

Light characteristics

• Color temperature: 3200 K
